

RUBELLI

A woman with dark hair and a neutral expression is the central figure. She is holding a large, rectangular sheet of light-colored wallpaper with a subtle, textured pattern. Behind her, a roll of plain white wallpaper is visible. In the lower-left corner, another roll of wallpaper with a more intricate, dark pattern is partially unrolled. The background is a solid, dark grey, creating a high-contrast, minimalist aesthetic.

RUBELLI

The Wallcovering Collection

Since 2014 Rubelli has been able to offer its customers a specific collection of wallcoverings.

Coverings suitable for both residential and contract use and well suited to both classic and contemporary spaces: plain or faux unis in muted shades, but also patterns with a strong personality capable of transforming, renewing and enlivening the "horizon" of everyday life.

Some coverings are reproductions of iconic fabrics, of which they maintain the name with the addition of the word "Wall". These include the San Mar-

co Wall, a vinyl version of the precious San Marco pure silk damask, which has been in the collection for more than a century.

Rubelli wallcoverings, all strictly made in Italy - and in part at the Rubelli weaving itself - are presented in four sample-books that identify their special features: Wonder Walls, Art Walls, Textured Walls and Woven Walls.

Alongside flame-retardant fabrics, outdoor fabrics and furniture, wallcoverings represent a further furnishing element offered by Rubelli for personalising living spaces.

Rubelli dal 2014 è in grado di proporre ai propri clienti una specifica collezione di carte da parati.

Rivestimenti adatti sia per uso residenziale che contract e che ben si adattano ad ambienti sia classici che contemporanei: uniti o falsi-uniti dalle tonalità sobrie, ma anche disegni dalla spiccata personalità in grado di trasformare, rinnovare ed animare "l'orizzonte" del vivere quotidiano.

Alcuni rivestimenti sono la riproduzione di tessuti icona, dei quali mantengono il nome con la sola aggiunta di "Wall". Fra questi, il San Marco Wall, versione in vinile del prezioso damasco

in pura seta San Marco, in collezione da più di un secolo.

I rivestimenti murali di Rubelli, tutti rigorosamente fatti in Italia - e in parte nella stessa tessitura Rubelli - vengono presentati in 4 mazze che ne identificano le peculiarità: Wonder Walls, Art Walls, Textured Walls e Woven Walls.

Accanto ai tessuti flame-retardant, agli outdoor e al mobile, i rivestimenti murali rappresentano un ulteriore elemento d'arredo proposto da Rubelli per personalizzare gli spazi dell'abitare.

Eleven digital and/or vinyl prints on nonwoven fabric: Grancanal Wall, Lady Hamilton Wall, Lady Roxana Wall, Barbarigo Wall, Burano Wall, Déjeuner sur l'Herbe Wall, Java Wall, Eldorado Wall, Aquarius Wall, San Marco Wall, Chiaroscuro Wall.

They are all characterised by a decorative pattern with a strong visual impact.

They range from floral to reproductions of the patterns of a damask or the patterns of marbled paper or antique embossed leather. In addition to these, there are creations that are true one-offs: a fascinating view of Venice, evocative coloured architecture, an elegant toile de Jouy revisited and rich vegetation with metallic accents. And, on top of it all, the preciousness of the gold of Eldorado Wall for a glamorous touch.

Undici stampe digitali e/o vinili su TNT: Grancanal Wall, Lady Hamilton Wall, Lady Roxana Wall, Barbarigo Wall, Burano Wall, Déjeuner sur l'Herbe Wall, Java Wall, Eldorado Wall, Aquarius Wall, San Marco Wall, Chiaroscuro Wall.

Sono tutti caratterizzati da un disegno decorativo dal forte impatto visivo.

Si va dai floreali alle riproduzioni dei disegni di un damasco o dei motivi di una carta marmorizzata o di un antico cuoio impresso. A questi si aggiungono delle creazioni che sono vere e proprie fuoriserie: una suggestiva veduta veneziana, un'architettura colorata evocativa, un'elegante Toile de Jouy rivisitata, una ricca vegetazione con accenti metallici. E, su tutto, la preziosità dell'oro di Eldorado Wall per un tocco glamour.

Burano Wall 23041

A vaguely geometric inspiration for the vinyl version of the Burano print: the Venice island of Burano, with its colourful houses, becomes an architectural subject.

Una suggestione vagamente geometrica per la versione in vinile dello stampato Burano: l'isola della città lagunare con le sue case colorate diventa un soggetto architettonico.

Eldorado Wall 23044

The preciousness of gold for a glamorous touch. A vinyl on embossed nonwoven fabric with the appearance of a fabric with a very fine weave that recalls a chiselled artefact. The encounter between textile art and the art of goldsmithing in a covering that is intentionally ostentatious, but decidedly sophisticated.

La preziosità dell'oro per un tocco glamour. Un vinile su TNT goffrato con l'aspetto di un tessuto dalla trama finissima che rimanda ad un manufatto cesellato. L'incontro tra arte tessile e arte orafa in un rivestimento volutamente appariscente, ma decisamente raffinato.

Five extra-strong fire-resistant vinyls: Venier Wall, Diecielode Wall, Marcello Wall, Opus Wall, Reticolo Wall.

A series of all-over patterns, often also small in size, which are more evident in the more contrasting colour variants. They are all vinyl versions of fabrics in the collection, except for Opus Wall, which imitates a specially constructed weave woven to produce a specific wallcovering.

The effect of these vinyls is truly surprising: only a careful and close examination can reveal that they are not fabrics, but technical materials.

Cinque vinili ignifughi, molto resistenti: Venier Wall, Diecielode Wall, Marcello Wall, Opus Wall, Reticolo Wall.

Una serie di disegni all-over, spesso anche di piccole dimensioni, che risultano più evidenti nelle varianti di colore più contrastate.

Sono tutti la versione in vinile di tessuti in collezione, eccetto Opus Wall che imita un intreccio costruito e tessuto ad hoc per farne poi uno specifico rivestimento murale.

L'effetto di questi vinili è davvero sorprendente: solo un attento esame a distanza ravvicinata è infatti in grado di rivelare che non ci si trova in presenza di tessuti, ma di materiali tecnici.

Venier Wall 23010

Six fireproof vinyls: five with a cellulose nonwoven fabric backing - Paja Wall, Scratch Wall, Almorò Wall, Barene Wall, Gong Wall - and one, Carlo Magno Wall, with a paper backing.

These are faux unis in which the sense of texture, silk sheen and three-dimensionality have been masterfully recreated, as if they were real fabrics. They are often real multitaskers and therefore suitable for all kinds of settings.

Sei vinili ignifughi: cinque con base TNT celluloso - Paja Wall, Scratch Wall, Almorò Wall, Barene Wall, Gong Wall - ed uno, Carlo Magno Wall, su base carta.

Si tratta di falsi-uniti in cui si è riusciti a ricreare magistralmente il senso della texture, la lucentezza della seta e la tridimensionalità, come se si trattasse di veri tessuti. Sono spesso dei veri e propri passe-partout e quindi adatti per ogni tipo di ambientazione.

Eight paper-backed fabrics, on a nonwoven fabric backing: Stuoia Wall, Watermark Wall, Lacework Wall, Opalino Wall, Swing Wall, Filigrana Wall, Alabastro Wall, Travertino Wall.

On the strength of its hundred years' experience, Rubelli with the Woven Walls has created a collection with a very strong textile connotation. All produced at the Rubelli mill in Cucciago (Como) and made in recycled polyester and natural fibres, they are the manifestation of a wallcovering that still retains the authentic fabric. All are given a stain-resistant treatment for easy care.

Otto tessuti incartati, su base TNT: Stuoia Wall, Watermark Wall, Lacework Wall, Opalino Wall, Swing Wall, Filigrana Wall, Alabastro Wall, Travertino Wall.

Forte della sua esperienza centenaria, con i Woven Walls Rubelli ha creato una collezione dalla fortissima connotazione tessile. Tutti prodotti nella tessitura Rubelli di Cucciago (Como) e realizzati in poliestere riciclato e fibre naturali, sono espressione di un rivestimento murale che non rinuncia al tessuto autentico.

Per tutti un trattamento antimacchia che ne facilita la manutenzione.

Filigrana Wall 23016

A precious texture whose design is inspired by the frottage technique. In the colour palette, metallic shades such as silver and bronze combine perfectly with pastel shades.

Una texture preziosa il cui disegno è ispirato alla tecnica del frottage. Nella palette colori i toni metallici, quali argento e bronzo, si sposano alla perfezione con le tonalità pastello.

Travertino Wall 23017

Inspired by the Zanni lampas, it reproduces its silky appearance and frayed effect. Light colour variants, which can be classified as non-colours, are counterbalanced by an authoritative dark green.

Ispirato al lampasso Zanni, ne riproduce l'aspetto setoso e l'effetto sdrucito. A delle varianti chiare, classificabili come colori non colori, fa da contrappunto un autorevole verde scuro.
